# ***THE LAKE***

*After an hour or 2 Elizabeth saw a lake, the map said she must get past the lake.*

*Elizabeth: how am I supposed to get past the lake!?*

*She needs a boat, but she could not see one.*

*Elizabeth: Mmmm.... maybe I can make a boat, what I need is wood logs thick ropes Ya! There are the wood logs, but I do not find any ropes, ok then I can take some flexible stems there they are!*

*Then she made a boat then she wanted 2 more logs for rowing the boat then she found 2 more logs and set of into the lake. The boat was very slow because the logs were very heavy so she could not row the boat properly.*

*Elizabeth: Grrr... this boat is too slow, OH! I dropped 1 log in the water OOPS! Not another one! Now how am I supposed to go back home. OH YA! I can swim so I will go into the lake and explore at the same time! This is gonna be so much fun!!!*

*Then she dived into the lake at once. She saw many fishes & sea rays & many other fishes.*

*Elizabeth: woow!! This is just so amazing!! So many fishes OH! What is that sound?*

*She heard a melodious song but totally a different language. she followed that song she was feeling that song was growing louder, louder& louder!*

*Then she felt something under her foot she thought it might be a fish& it was a fish, but she kept moving in and in then she felt hands around her stomach, she turned around and saw-*

*Elizabeth: Mere-peo-ple!*

*Those ugly creatures pressed her stomach so hard that she was hardly able to speak, then she out her hairpin and poked into the merepeople's eyes and swam away saying—*

*Elizabeth: Ha! Bah Bye! Merepeople!!*

*Then she swam of slowly, suddenly she saw a merrr....*

*Elizabeth: Mermaid!!wooww!!.....*

*Elizabeth: Abraca dabra fee fuu fummm turn this mermaid into beautiful human!*

*There was a flash of light and Amaira's tail vanished, she transformed into a human then they both set of together to the next destination....*

*Tomas: waz is zat is zat a keengdom?*

*She clearly understood that Tomas did'nt know anything about it. then she heard Amaira mutter, which was almost like 'EEVANSINDOM', so she asked her.*

*Elizabeth: c'mon let's move!*

*Tomas: bye Eleezabez, bye bye Amera!*

*Traveller: yes dears, I know where the kingdom is, follow me!*

*Elizabeth&Amaira: Yess sir!*

*So, they followed him, soon they were in the scary woods and venomless snakes were slithering on the ground, it was dark soon they went into a cave where the water was flowing very fast that if they drown there, they will not even come back they would be going along with the water that is why they were using rocks which where they could balance their selves. after passing the lakey cave they went to high mountains it was very hot there. When they passed the deserty mountains, they went to a desert it was very cold there!*
